Division of Water Pollution Control ANNUAL FACILITY INSPECTION REPORT

for NPDES Permit for Storm Water Discharges from Separate Storm Sewer Systems (MS4)

This fillable form may be completed online, a copy saved locally, printed and signed before it is submitted to the Compliance Assurance Section at the above address. Complete each section of this report.

Report Period: From March, 2018 To March, 2019

Permit No. ILR40 _____

MS4 OPERATOR INFORMATION: (As it appears on the current permit)

Name: Village of Tolono Mailing Address 1: PO Box 667
Mailing Address 2: 507 W. Strong County: Champaign
City: Tolono State: IL Zip: 61880-0667 Telephone: 217485212
Contact Person: Matt Graven Email Address: Matt.Graven@Tolonoil.us
(Person responsible for Annual Report)

Name(s) of governmental entity(ies) in which MS4 is located: (As it appears on the current permit)

Tolono

THE FOLLOWING ITEMS MUST BE ADDRESSED.

A. Changes to best management practices (check appropriate BMP change(s) and attach information regarding change(s) to BMP and measurable goals.)

- | | | | |
|--|--------------------------|---|--------------------------|
| 1. Public Education and Outreach | <input type="checkbox"/> | 4. Construction Site Runoff Control | <input type="checkbox"/> |
| 2. Public Participation/Involvement | <input type="checkbox"/> | 5. Post-Construction Runoff Control | <input type="checkbox"/> |
| 3. Illicit Discharge Detection & Elimination | <input type="checkbox"/> | 6. Pollution Prevention/Good Housekeeping | <input type="checkbox"/> |

B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.

C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.

D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle (including an implementation schedule.)

E. Attach notice that you are relying on another government entity to satisfy some of your permit obligations (if applicable).

F. Attach a list of construction projects that your entity has paid for during the reporting period.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))

**ILLINOIS ENVIRONMENTAL PROTECTION AGENCY
ANNUAL FACILITY INSPECTION REPORT**

March 2018 – March 2019, Year 1

**NPDES PERMIT FOR STORM WATER DISCHARGES FROM
MUNICIPAL SEPARATE STORM SEWER SYSTEMS (MS4)**

***Village of Tolono
Champaign County, Illinois***

A. CHANGES TO BEST MANAGEMENT PRACTICES (BMPs)

Village of Tolono was issued a permit on February 10, 2016 which will expire on February 28, 2021. This annual report serves as an evaluation of the Year 1 goals for this permit cycle.

B. STATUS OF COMPLIANCE WITH PERMIT CONDITIONS

The following is a list of the BMPs and measurable goals as submitted in the Notice of Intent for the current permit cycle, which ended on March 31, 2019, and information about the Village's compliance with these goals.

1. PUBLIC EDUCATION AND OUTREACH

a. BMP No. A.1 – Distributed Paper Material

Description & Goal: A.1.1 Have educational pamphlets available for public information at the Village Hall. Develop the pamphlet and replenish as need. Expand/modify material on a yearly basis.

Milestones:

Year 1: Create a brochure or educational pamphlet. Have copies made available at Village Hall.

Year 2: Evaluate existing outreach material. Continue/modify outreach material.

Year 3: Evaluate existing outreach material. Continue/modify outreach material.

Year 4: Evaluate existing outreach material. Continue/modify outreach material.

Year 5: Evaluate existing outreach material. Continue/modify outreach material.

Results: Pamphlets were reprinted as needed and were made available at the Village Hall.

Year 1 Milestone is complete.

2. PUBLIC PARTICIPATION/INVOLVEMENT

a. BMP No. B.7 – Other Public Involvement

Description & Goal: B.7.1 Hold public meetings to receive public input on the proposed storm water program. As a part of a regular scheduled board meeting, one public meeting will be held annually that includes the Village's proposed storm water management program to gain public input.

Milestones:

Year 1: Provide notice of meeting that includes the Village's proposed storm water management plan. Provide opportunity for public comment.

Year 2: Provide notice of meeting that includes the Village's proposed storm water management plan. Provide opportunity for public comment.

Year 3: Provide notice of meeting that includes the Village's proposed storm water management plan. Provide opportunity for public comment.

Year 4: Provide notice of meeting that includes the Village's proposed storm water management plan. Provide opportunity for public comment.

Year 5: Provide notice of meeting that includes the Village's proposed storm water management plan. Provide opportunity for public comment.

Results: The Village of Tolono will hold their annual storm water management meeting as a part of their regular board meeting on Tuesday June 4, 2019. Notification of the meeting will be listed on the meeting agenda and will be posted on the Village website as well as posted at Village Hall. Discussions will include the information covered in this report, goals that have been set for year 2, and the public will be given an opportunity for comments.

Year 1 Milestone will be complete on June 4, 2019.

3. ILLICIT DISCHARGE DETECTION AND ELIMINATION

a. BMP No. C.1 – Storm Sewer Map Preparation

Description & Goal: C.1.1 Mapping of the Village's storm sewer system. Develop and maintain a storm sewer system map.

Milestones:

Year 1: Develop a plan and budget to create a storm sewer system map.

Year 2: Develop storm sewer system map.

Year 3: Maintain/update storm sewer system map.

Year 4: Maintain/update storm sewer system map.

Year 5: Maintain/update storm sewer system map.

Results: The Village has gathered existing maps and as-built plans of their storm sewer system. The existing storm sewer map is only available as a hard copy and needs updated, budget did not allow for the development of an electronic version of the overall map this year.

Year 1 Milestone is incomplete but will be included in Year 2 Goals if budget allows.

4. CONSTRUCTION SITE RUNOFF CONTROL

a. BMP No. D.2 – Erosion and Sediment Control BMPs

Description & Goal: D.2.1 Discuss Erosion and Sediment Control (E&SC) BMPs contained in SWPPP with contractors in preconstruction meetings.

Milestones:

Year 1: Incorporate discussions of E&SC as per the SWPPP at all preconstruction meetings.

Year 2: Incorporate discussions of E&SC as per the SWPPP at all preconstruction meetings.

Year 3: Incorporate discussions of E&SC as per the SWPPP at all preconstruction meetings.

Year 4: Incorporate discussions of E&SC as per the SWPPP at all preconstruction meetings.

Year 5: Incorporate discussions of E&SC as per the SWPPP at all preconstruction meetings.

Results: SWPPPs were presented and discussed at all preconstruction meetings. If a SWPPP was not needed for a job due to a minimal area of disturbance, erosion control procedures/requirements were still discussed at the preconstruction meeting.

Year 1 Milestone is complete.

b. BMP No. D.6 – Site Inspection/Enforcement Procedures

Description & Goal: D.6.1 E&SC measures will inspected by village officials and consulting engineers during the construction phase of projects funded by the Village. Require contractor to comply with SWPPP. Projects will be inspected monthly.

Milestones:

- Year 1: Site inspections performed by village official and/or consulting engineer, ensure compliance with SWPPP and E&SC BMPs.
- Year 2: Site inspections performed by village official and/or consulting engineer, ensure compliance with SWPPP and E&SC BMPs.
- Year 3: Site inspections performed by village official and/or consulting engineer, ensure compliance with SWPPP and E&SC BMPs.
- Year 4: Site inspections performed by village official and/or consulting engineer, ensure compliance with SWPPP and E&SC BMPs.
- Year 5: Site inspections performed by village official and/or consulting engineer, ensure compliance with SWPPP and E&SC BMPs.

Results: Construction site inspectors and contractors discussed SWPPP and E&SC BMP's to be followed for each project at preconstruction meetings. There were no projects completed this year that required a SWPPP. Inspectors did evaluate E&SC BMP's at all sites and deficiencies were discussed with the Contractor and remediated.

Year 1 Milestone is complete.

5. POST-CONSTRUCTION RUNOFF CONTROL

a. BMP No. E.6 – Post-Construction Inspections

Description & Goal: E.6 Village official and/or engineer will perform post-construction inspection to ensure compliance with SWPPP and E&SC measures prior to final acceptance of village funded projects. Inspect construction site during final inspection for conformance with SWPPP and E&SC measures.

Milestones:

- Year 1: Inspect project site.
- Year 2: Inspect project site.
- Year 3: Inspect project site.
- Year 4: Inspect project site.
- Year 5: Inspect project site.

Results: All project sites were inspected for E&SC measures prior to final acceptance of the project.

Year 1 Milestone is complete.

6. POLLUTION PREVENTION/GOOD HOUSEKEEPING

a. BMP No. F.6 – Other Municipal Operations Controls

Description & Goal: F.6.1 Cleaning of storm sewer grates and catch basins will be completed twice a year. The village will perform cleaning of grates and catch basins with the use of a vactor truck. This will be completed biannually.

Milestones:

Year 1: Clean grates and catch basins.

Year 2: Clean grates and catch basins.

Year 3: Clean grates and catch basins.

Year 4: Clean grates and catch basins.

Year 5: Clean grates and catch basins.

Results: Village employees cleaned grates and catch basins regularly and prior to expected rain events. Village employees are routinely inspecting grates and clean when debris is visible.

Year 1 Milestone is complete.

C. RESULTS OF INFORMATION COLLECTED AND ANALYZED

The Village did not collect nor analyze storm water samples. The Village did begin a flow monitoring study to analyze dry and wet weather flows in the sanitary sewer collection system. The purpose of this study is to begin long term planning for capital improvements to the existing collection system and wastewater treatment plant and to identify conditions in the system that may cause overflows into the storm sewers.

D. FUTURE STORM WATER ACTIVITIES

The Village will continue to develop their storm water management program.

E. RELIANCE ON ANOTHER GOVERNMENT ENTITY

The Village of Tolono is not relying on another government entity to satisfy permit obligations.

F. CONSTRUCTION PROJECT LIST:

The following construction projects were undertaken by the Village of Tolono between April 2018 and March 2019:

- (1) Phase I & II Water Main Improvements 2018
- (2) 2018 Motor Fuel Tax Program
- (3) Demolition of residential home at 105 E. Daggy
